Dear Marc:

This letter is a follow-up to my letter to you dated March 23, 1981, wherein I indicated that I would like to routinely have the assistance of the Council of Energy Resources Tribes Consultants assist the Pueblo of Laguna and me as a EIS Task Force Team member, in all matters relative to the Jackpile mine Environmental Impact Statement. In this particular instance I am hereby designating Mr. John Blueyes, CERT, to be our lead consultant in all matters pertaining to the EIS, especially those matters relative to reclamation and socio-economic impact problems.

Please notify Mr. Blueyes whenever you are going to call a meeting of the EIS Task Force Team. John's address and telephone number are as follows:

Mr. John Blueyes, Environmental Engineer
Council of Energy Resources Tribes
Technical Assistance Center
5660 South Syracuse Circle, Suite 206
